

BOY SCOUTS MOURN ROOSEVELT'S DEATH

Touching Memorial Adopted
Paying Tribute to Leader's
Sterling Qualities.

CUT HIS OWN TRAIL CLEAN

Eldest Soldier Son of Colonel
Advises Getting Soldiers
for Scoutmasters.

The National Council of Boy Scouts met yesterday in the Hotel Commodore to do honor to former President Theodore Roosevelt and to listen to the words of his son, Lieut.-Col. Theodore Roosevelt, who appeared at the luncheon in civilian attire, having been mustered out of the service in 1914.

"I am awfully glad to be here," the Lieut.-Colonel began. "My regiment represented a good cross-section of America, much as the Boy Scout organization does."

There were three things that struck me particularly about the American Expeditionary Force. It had a tremendous demoralizing effect, a very large educational effect, and a very large educational effect. Many nationalities were represented and they fraternized well. Each man considered himself an American and he resented any suggestion to the contrary.

"The Boy Scout movement will have much the same effect. I am strong for it," he declared vehemently. "You have an amount of material for scoutmasters in the returning soldiers, who have had experience in discipline and service."

"You can't do better than to keep your scoutmasters as young as possible. The younger they are, the more sympathy they will have with the boys, for they are closer to them. The officers and men will be glad to work along these lines with you, for they are getting in touch with these men. There is another advantage in having them; they have done something for the United States. And a man doesn't feel that a country is his, he doesn't feel the sense of possession he ought to have until he has done something for it."

Memorial Resolutions Passed.
Resolutions adopted in memory of Col. Roosevelt follow:

"He was found faithful in a few things and he was made a hero. He cut his own trail clean and straight and millions followed him toward the light."

"He was brave. He made himself a tower of strength."

"He was timid. He made himself a lion of courage."

"He was a dreamer. He became one of the great doers of all time."

"Men put their trust in him. Women found a champion in him. Kings stood in awe of him, but children made him their playmate."

"He broke a nation's slumber with his cry, and it rose up. He touched the eyes of blind men with a flame and gave them vision. Souls became servants through him. Swords became servants of God."

"He was loyal to his country—and he exacted loyalty. He loved many lands, but he loved his own land best."

"He was terrible in battle, but tender to the weak, joyous and tireless, being free from self-pity, clean with a cleanliness that cleansed the air like a gale."

"His courtesy knew no wealth nor class. His friendship no creed, or color, or race. His courage stood every onslaught of savage beast and ruthless man, of loneliness, of victory, of defeat. His mind was eager, his heart was true, his body and spirit defiant of obstacles, ready to meet what might come."

"He fought injustice and tyranny, bore sorrow gallantly, loved all nature, bleak spaces and hardy companions, hazardous adventure and the zest of battle. Wherever he went he carried his own pack, and in the uttermost parts of the earth he kept his conscience for his guide."

The following officers were elected unanimously to serve for the following year:

Honorary president, President Woodrow Wilson; honorary vice-presidents, William H. Taft and Daniel Carter Beard.

President, Colin H. Livingston, Washington, D. C.; vice-presidents, Mortimer L. Schiff, New York; Arthur A. McKee, Detroit; B. L. Dulaney, Bristol, Tenn.; Arthur Lettis, Los Angeles.

National Scout commissioner, Daniel Carter Beard, Washington, N. Y.; treasurer, George D. Pratt.

Lewis B. Gawry was elected as member of the executive board to succeed Franklin C. Hoyt, who has resigned from the executive board. Term expires March, 1921.

The following were named as members of the executive board of the council:

SOLDIERS UP EARLY TO QUIT CAMP MILLS

Boys Beat Reveille in Their Eagerness to Get Away.

There was never a more clocklike movement from Camp Mills, Long Island, than that of yesterday when Major G. F. Taylor, the transportation officer, had the Twenty-seventh Division on the move for their headquarters in Manhattan promptly at 6 A. M., and this was kept up until 11:20, when the last train was dispatched.

The first out was the 105th Field Artillery, 616 strong. Their destination was the army at Franklin Avenue and 166th street, The Bronx.

The 105th Infantry, with 2,094 men, were the next five trains to pull out. They were all clear of camp by 7:40, headed for the Seventy-first Regiment Armory, and the next unit was the 102d Engineers and the 103d Engineers, a total of 1,803 men. They went to the Engineers' Armory at 168th street and Fort Washington Avenue. They occupied three trains of ten coaches each. The 102d Machine Gun Battalion was sent to the armory at Madison Avenue and Ninety-fourth street; Division Headquarters Troop and Detachment, 102d Train Engineers, M. P. Company, armory, Lexington Avenue and Twenty-seventh street.

With the thoughts of being mustered out within a few days, the men of the Twenty-seventh beat reveille this morning by thirty minutes. They had more promptly at 5:15, and there was not one man absent without leave. All kits were packed and the men were ready to the station before 6 A. M., when the first lot of troops began to entrain.

From that time on until 11:20 the men were entraining in steady streams from the camp. The men were ready to the station before 6 A. M., when the first lot of troops began to entrain.

Agreements had been made to land the boys as near their armories as possible.

2 CHARITIES CLAIM REQUEST.
Mistake Made Over Name of New Bedford Institution.

A curious situation has been created by the will of Clara E. Seabury, who died in October leaving an estate of \$350,000. A bequest of \$5,000 is made to the Old Ladies' Home of New Bedford, Mass. When the executors were settling the estate, it was found that there is no institution of that name in New Bedford, but the New Bedford Home for the Aged, conducted by the negro residents of the city, put in a claim for the money.

The Association for the Relief of Aged Women also came to the front with a claim. The controversy could not be settled by the executors, and the matter was referred to the court.

WATER POWER BILLS LAUNCH BIG PLANS

Commission Proposed to Determine if State Shall Develop Great Resources.

Special Despatch to The Sun.
ALBANY, March 24.—A comprehensive programme to bring about development of unused water power in this State was introduced in the Legislature to-night.

The proposals would leave to a State water storage commission, consisting of the State Engineer, State Conservation Commissioner and the State Attorney-General, to determine whether the State should develop its great available water power on the Niagara and St. Lawrence rivers and distribute the power itself or whether this power should be leased at the sites.

Two of the measures provide for constitutional amendments declaring power a public use and thereby permitting the taking of private lands for power purposes; and permitting the flooding of State lands in creating reservoirs for power development purposes, and construction of power transmission lines on State lands.

Another bill proposes to repeal the charter of several power development companies heretofore granted by the Legislature, and to give permission to go to the Court of Claims if they suffer damages by reason of the charter repeals.

The fourth proposal is that the State Superintendent of Public Works, with the approval of the State Canal board, be permitted to lease surplus barge canal powers, permitting municipal corporations to bid if they want to, but retaining for the State the right at any time to repossess the waters and power plants and to make such water powers develop and become part of the comprehensive plan for power development.

The fifth bill directs the water storage commission "to formulate and develop a State hydroelectric policy, to enter into negotiations with the Federal Government and Canada to secure for the State and to definitely fix and determine its rights in and to the waters of the boundary streams for water power development, utilization and distribution of the water powers of the State, together with detailed plans and specifications and an estimate of the cost thereof."

Other houses robbed where those of Mrs. Elizabeth Mayo, Miss Sophie Irene Loeb, Dr. Henry Weil and Mrs. Sue M. Dean. The robberies were reported to Trooper Richard Rogers of the State Constabulary. In each case he discovered entrance was gained by breaking a window. As the robbers ignored all warning, chips and cut glass, Rogers decided the burglar band were amateurs.

He arrested John Evans, 12, and he alleged to have confessed and implicated his brother, Roy Evans, Martin Hunt and Howard Francis, all of Croton. Binoculars, flashlights, cameras and sporting goods were stolen.

Four boys, aged from 9 to 13 years, were arrested and arraigned before Judge B. F. Decker of Croton-on-Hudson yesterday accused of a series of burglaries in the homes of summer colonists of Harmon, including the residence of Clifford B. Harmon.

BOTH SIDES CLAIM HARBOR STRIKE GAIN

Owners Insist That Thirty Boats Are Running.

Officers of the Marine Association announced that, but for privately owned boats manned by non-union crews were in operation, and that in every instance the boat was operated by an owner or by "office help."

"Our inspection assured us that there has not been a single defection from our ranks," said President Thomas L. Delahanty.

This announcement by the strike leaders was characterized as "bunk" by the private owners, who claim that twenty-five or thirty boats are being operated regularly. Both Mr. Delahanty and Paul Bonyng, counsel for the private owners, accepted a suggestion that this new issue of veracity be settled by a committee of newspaper men. It is proposed that the latter first tour the harbor with Mr. Delahanty and check up his count, and then make the same trip with Mr. Bonyng, who promises to point out a lot of boats that Mr. Delahanty will have overlooked.

There was no change in the strike situation yesterday. James L. Hughes, Federal conciliator, conferred with both parties during the day, but made no progress toward a settlement. The union leaders refused to consider any plan that does not contemplate an eight hour day and the private owners refused to consider any that does. A ten hour day of a 10 per cent. increase in wages is the limit to which the boat owners will go, according to Mr. Bonyng.

FOUR BOYS HELD AS BURGLARS.
Homes of Summer Colonists Robbed at Harmon.

CAB DRIVER HELD AS SUSPECTED SLAYER

Said to Have Confessed in Case of Mrs. Coyne.

Ernest Fritz of Tuckahoe, in whose taxi cab Mrs. Florence Coyne, also of Tuckahoe, was found dying early Sunday at Rosewood and Newhall avenues, The Bronx, has confessed to being responsible for her death, according to a statement by the police yesterday. The confession is said to have been made to Capt. Duane and Peter Hatting, an Assistant District Attorney, after they had questioned Fritz for several hours in the Bronx Park police station.

Fritz was arrested in the West Farms court as a suspect and was held by Magistrate Tobias for a further hearing Wednesday.

When Patrolman Lela found Mrs. Coyne Fritz was bending over her, apparently attempting to lift her from the cab. She was taken to Fordham Hospital, where Dr. Barrow said she had died from a hemorrhage. Dr. Carl Kennard, the county medical examiner, who performed the autopsy, said her death was due to a crimp of the "most atrocious character."

Mrs. Coyne, who was the mother of four children, was employed as a stenographer. The police say she met Fritz Saturday afternoon after they started home in the taxi cab after visiting various cafes and roadhouses.

Fritz was arrested in the West Farms court as a suspect and was held by Magistrate Tobias for a further hearing Wednesday.

PLUTO WATER

America's Physic—and More!

MANY disease germs breed more than 1,000 a minute. The most cordial invitation to a disease germ to settle down and raise a family, is an intestinal tract that stays clogged. If you want clear, ruddy health, take prompt action. Use PLUTO, a wineglassful before meals gives you that quick, stimulating cleansing of the intestinal tract which you need. PLUTO is more than a physic. Its medicinal properties are absorbed in the blood and tone up your whole system.

Bottled at French Lick Springs. On sale at all drug stores, hotels and clubs and on trains. Prescribed by physicians everywhere.
